Staffing

Income is used to employ our team of Learning Support Assistants to provide individual or small group additional support for these children at key points during the school day. They also ensure that programmes recommended by external agencies (e.g. SALT, OT) are delivered regularly. In these cases, schools are responsible for funding the first fifteen hours of funding per week, and the Local Authority provides an additional ten hours of funding.

We also have a team of Learning Support Assistants in school who deliver specific interventions to individuals and groups of children. They also support children within lessons. Teaching and tasks are differentiated to take into account specific needs of individuals and groups.

Pupil Outcomes

Progress made by SEN pupils in 2015 - 2016

Each term the progress of children with SEN was reviewed, and new targets were set or original targets amended in November, March and June. Targets were set following each Assessment Week. The progress of children with SEN was monitored termly during Pupil Progress Meetings. The school's 'Impact Assessment Provision Map' shows the progress made by individual pupils throughout the year. All children made progress in key areas throughout the year.

The data for pupils leaving Chapel End at the end of Year 6 in 2016 is as follows:

10 children (20%) of the cohort had SEN -one had a statement.

2/9 (22%) achieved expected standard in Reading (lower than LA)

3/9 (33%) achieved expected standard in Writing (higher than LA)

4/9 (44%) achieved expected standard in Maths (higher than LA)

2/9 (22%) achieved expected standard in RWM combined.

5/9 (56%) of the SEN children made better progress than children nationally in two out of the three areas.

4/9 (44%) of the children did not achieve as well as all children nationally in all areas.

1 child had no KS1 scores and only joined us half way through Year 6.

The effectiveness of provision

The school's 'Impact Assessment Provision Map' 2015 - 2016 indicates that the children monitored at SEN Support and Enhanced SEN support made steady progress throughout the last academic year, with interventions and provision having a positive impact on learning.
