19. It would be a lovely idea if parents could have an invitation to events such as 'end of year awards' or Harvest festival. Thank you.
20. Xxxx has settled in well this term.
21. We love school.
22. The staff are approachable and like stated, there is an open door policy whenever needed. Also this year, I like the way you do the workshops to show how to teach, so we can do the same at home.

23. Love the amount of day to day communication and use of technology. All staff are very friendly and helpful and the food choices are excellent!
24. I could not ask for a nicer nursery. Xxxx has settled so well and that's all down to Mrs Price and Mrs Newton. Thanks ☺
25. Overall, I think that Xxxx is happy at school and is doing well. He is having a few little issues I am concerned about which I have spoken to you about, but hopefully, this will sort itself out soon.
26. Very happy in nursery.
27. Better use of class dojo with feedback and focus for next week's topic.
28. Xxxx seems to be enjoying year 3 so far! She gets on well with her homework and reading. We have no issues with the school or any of the teachers.
29. Really like the photos on the dojo page showing what they are up to.
30. We are very happy with Xxxx's progress in this school and the staff who support her.
31. Xxx is happy at Chapel End. She has had ups and downs with other children but it is resolved so Xxxx can move on.
32. Xxxx has really enjoyed his time at Chapel End and has progressed so much. He will be sad to leave at the end of the year 6. What a fantastic start for Thomas!
33. Children are put under an enormous amount of pressure these days. I feel sometimes they should spend their evenings and weekends enjoying themselves with friends and family. Homework can be a cause of friction at home and feel kids should be allowed to be kids. But I do love Chapel End and so does Xxxx. Thank You.
34. We agree with all the statements but do not get a lot of feedback from Xxxx, so sometimes difficult to gauge all the answers. Xxxx seems generally happy and so are we. Mrs Knowles seems to be an effective teacher and well-liked by the children.
35. Mrs Pickett is a kind, caring and very enthusiastic teacher. She goes out of her way to be helpful to any concerns and has helped Xxxx greatly as an individual to settle in well to reception.
36. Xxxx has always appeared to enjoy school. He has not had any problems.
37. Hopefully Katie will make the progress we both hope she will. I will continue to support at home also.
38. My perception re: Bullying/Behaviour is that it is easier to deal with children who are generally well behaved and try to abide by the rules than to deal with those who don't. I have lost count of the amount of times over the several years that Xxxx has been reprimanded for incidents on the football pitch at break-time, whereas others who have caused the issues have not. Better supervision and teaching of the right way to behave to those who struggle with it would help.
39. The teachers work so hard. Thank you.
40. We feel really benefitted from the mixed class last year. Staying with Mrs Pickett really helped her confidence and she has really come on at the start of this year. The school has done a really good job with her.

41. The teachers work very hard and do an excellent job.
42. It would be nice if as parents we were invited in for the occasional assembly e.g. Harvest, presentations etc. Otherwise thank you for all your work and looking after our child well in school.
43. I feel it is a great school and overall very happy, but I feel at times communication seem a little lacking.
44. Being separated early on in his school life has had an impact on his learning. I don't think it's a good idea to keep the children back and split the classes.
45. I feel sometimes more could be done to involve parents and let us see what the kids are up to and celebrate their achievements. For example year 6 leavers assembly with parents, special assemblies. It would be lovely to see.
46. Each year has had fantastic teachers. Thank you for the support and excellent teaching again this year.
47. This year I feel more confident in approaching the school with concerns or issues, and have the security that it will be met with no personal agenda and that if the school can help they will. I don't feel that regulations or procedures are used as a solution.
48. I am very pleased Xxxx is in the same class as her friends and peers in year 3. She loves school and is so happy with Mrs Knowles, It is clear that teachers and staff involved with Xxxx love the kids.
49. To date all my children appear to be very happy at school.
